US Environmental Protection Agency  
P.O. Box 1473  
Merrifield, VA 22116  
Attn: Chemical Right-to-Know Program

Dear Administrator:

On behalf of the International Association of Color Manufacturers (IACM), I would like to respond to your letter received April 12, 2004. The letter notes that the IACM Consortium was overdue in its commitment to sponsor and provide data on benzenesulfonic acid, 4-amino (CAS Number 121-57-3) and benzenesulfonic acid, 4-amino-5-methoxy-2-methyl (CAS Number 6471-78-9). We made the original commitment to sponsor this chemical in a letter sent to the Administrator on June 23, 2000. This letter reaffirms that we fully intend to sponsor these two chemicals. Data related to these substances will be submitted to EPA during May or June of 2004. This submission was originally planned for submission to EPA by December 31, 2003.

Please feel free to contact me with any questions you might have on this matter (phone 202-331-2325; fax 202-463-8998; email [tadams@therobertsgroup.net](mailto:tadams@therobertsgroup.net))

Respectfully,

Timothy B. Adams, Ph.D.  
Technical Contact Person, IACM
